

[District Name]

[District Address]

[Date]

Dear Families,

Your child recently took the North Dakota Academic Progression of Learning and Understanding of Students or ND A-PLUS (ND A+) Interim Assessments. These are short assessments designed to provide information about what they have learned so far this school year. ND A+ Interim Assessments are administered in the fall, winter, and spring in both reading and math. Students can take the ND A+ Interim Assessments online and teachers receive the results immediately.

ND A+ Interim Assessments provide a measure of how well your child is performing in reading and math. Standardized scales scores and performance levels are used to report test scores and aid in score interpretation. Results are provided for the overall content area as well as by reporting category. Test questions are aligned to standards which fall within each of the reporting categories.

The student report contains information that can also support conversations with your child's teacher about their learning. This provides an opportunity for you to ask questions regarding what the scores mean, how you can help at home, and what types of strategies will be implemented at school to support your child.

After the second ND A+ Interim Assessment in the winter, the report will also provide a score that shows growth or progress in their learning from the fall to the winter and from the winter to the spring. We believe that all growth should be celebrated, and talking with your child about their progress provides a great opportunity for them to engage with their learning.

ND A+ Interim Assessments are just one group of assessments teachers use throughout the year, in addition to monitoring grades and other information from the classroom, to understand how to best address your child's educational needs. If you have any questions, please reach out to your child's teacher. We appreciate your support.

Sincerely,

[District Representative]

ND A+ Interim Individual Student Report

This Individual Student Report (ISR) shows your student's results from the most recent North Dakota A+ Interim Assessment. These scores provide an indicator of your student's progress toward end of year academic goals.

For information on scale score ranges, norms, and percentiles, visit the ND A+ Portal at ndaplus.mypearsonsupport.com.

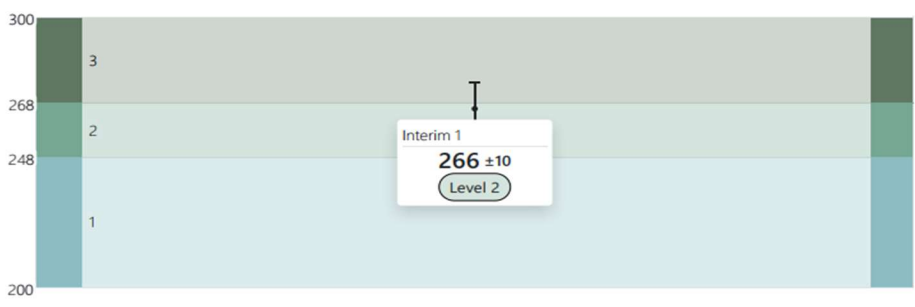

Subject area of assessment.

Reading Overview

Level 2

The scale score shows your student's score on the ND A+ Interim 1 Reading Assessment. Scale scores are reported within three performance levels.

Tips for talking with your child about these results.

- Online, standardized assessments may be new to your child. Celebrate their success!
- Explain that these tests measure growth so the next report will show how much progress they've made.
- Let them know that these are just one type of test and that teachers will use this information with grades and other types of information to help them at school.

Additional information can be found within the [ND A+ Interim Assessments K-2 Report Interpretation Guide](#).
