## Preparing for the Assessment: Technology Team Tasks

- See the [Technology Setup | ND A+ Portal \(mypearsonsupport.com\)](https://mypearsonsupport.com) section of the **ND A+ Portal** for information on system requirements, guidelines, and installation steps.
- If a testing device has not been previously used for a TestNav test, the TestNav app must be installed.
- Testing devices previously used for a TestNav test must be running the most current version of the TestNav app. Depending on the operating system (OS), TestNav might require a manual update. The [TestNav App Updates \(pearson.com\)](https://pearson.com) page provides details.
- For grade K-HS students **using a Spanish math form**,

Technology personnel must install or change the system language *and then restart each device* that these students will use to test. Follow instructions in the articles for each operating system below:

- Windows - [Language Packs for Windows](#)
- macOS - [Change the language your Mac uses](#)
- ChromeOS [Manage your Chromebook's languages](#)

## Preparing for the Assessment: District Assessment Lead Tasks

From the [Home | ND A+ Portal \(mypearsonsupport.com\)](#) page:

- Review the **ND A+ Interim Assessments Administration Guide** and the **Accessibility and Accommodations Guide** [Administration Resources | ND A+ Portal \(mypearsonsupport.com\)](#)
- Read and then provide school test coordinators with the **School Test Coordinator Tasks (Eligibility Scheduling Method)** [Administration Resources | ND A+ Portal \(mypearsonsupport.com\)](#)
- Optionally, send the **ND A+ Interim Assessments Introductory Family Letter ND A-Plus Interim Assessments Introductory Family Letter v1.0 Final.pdf** [\(mypearsonsupport.com\)](#)
- Assign accommodations to students as needed at least a day before students' test using the instructions on the [Updating Student Accommodations \(pearson.com\)](#) page  
**Note:** Math includes universal dynamic text to speech.

Confirm all school-based test coordinators have the School Admin role in ADAM:

1. Open **Rostering > Users**.
2. Filter by **Role** and select **School Admin**,
3. If any school test coordinators are missing from the list (and have the role of teacher instead), send a list of their names to the Department of Public Instruction at [dpiassess@nd.gov](mailto:dpiassess@nd.gov) and their user permissions will be adjusted in ADAM.

## Preparing for the Assessment: Tasks for the School Test Coordinator

From the ND A+ Portal, review the following:

## Preparations for the Proctor

- Review the **Quick Guide for Creating Proctor Groups PDF**, if you need to create proctor sessions. [Quick Guide for Creating Proctor Groups in ADAM \(mypearsonsupport.com\)](https://mypearsonsupport.com)
- Review the [Proctoring or Monitoring Tests \(pearson.com\)](https://pearson.com) (scroll down on the page to view – the instructions on this page show how to access when logged in, but for this administration, login is not required).
